I- WHO ARE WE ?

GREEN LIFE ACT is a common initiative group created in June 2017 by passionate and experienced young people. Based in Yaoundé, it mainly covers three areas of activity:

- The circular economy
- Social action
- Hygiene and local environmental education

II- OUR GOALS

GREEN LIFE ACT aims to:

- Promote the circular economy
- Promote local and community environmental education
- Promote the hygiene and sanitation of public and private places
- Promote Green Humanism
- Promote local territorial marketing

III- OUR PROJECTS

The organization groups together a number of projects, each with a social and environmental dimension. These include:

Social kit: A humanitarian action project that consist in collecting clothes, footwear and other useful objects that people in the city do no longer or not, sorting them, repairing them if necessary, cleaning, ironing and then to packing them to offer to the needy previously identified in the cities and countrysides of Cameroon, in a logic of charity and solidarity. This project reduces waste in our cities and helps the needy to regain a minimum of dignity and fulfillment.

PAJIP: A program of support for young people. It aims at the orientation, training and practical accompaniment of young people in search of employment and especially self-employment. The vast majority of the members of the CIG are students of the International Relations Institute of Cameroon (IRIC), so it is appropriate to join the various skills to help

the vulnerable groups so that they can benefit from a support for socio-professional integration.

Repair café: Organization of learning workshops on a specific theme related to the circular economy, project for the vulnerable people (elderly and street children)

Christmas in color: One-time project that consist in offering gifts to orphaned and needy children, giving a smile to vulnerable person through charity.

Circular Economy Platform: Organization of training and awareness-raising workshops on the circular economy

Green Volunteering: Also known as "Useful time for all", this project aims to initiate, train and develop in young people the spirit of volunteerism and general interest.

Eco-consciousness: A project aiming at sensitizing urban and rural populations on the protection and preservation of the environment, with an emphasis on training and education in conservation and enhancement of our mother nature.

Wax Heritage: A project to manufacture accessories and gadgets from falls of fabrics, plastic bottles and other recyclable materials, with a view to their commercialization on the national territory and internationally. The incomes help the organization finance its social activities.

IV- ORGANIZATIONAL STRUCTURE

To carry out its activities, Green Life Act has a circular organization chart. The CIG has 15 members and all work in synergy with one another to achieve the objectives set. For administrative reasons, the Chief Delegate is responsible for the management and the group operates with a General Assembly, an Executive Office and 07 (six) Departments (Projects; Communication and Partnership; Social; Art and Culture; Guidance, Education and Research; Hygiene, Environment; Economy and Finances).

The structure is organized as follows:

- Chief Delegate: ESSOMBA Charly
- Secretary-General: NTI MVOGO Anicet
- Treasurer: Biatu Charlotte
- Head of Communication and Partnership Department: **MBATSOGO MEBO Charles Simplic**
- Head of Social Department: Oyé OYONO Corinne
- Head of Art and Culture Department:

- Head of department Project: NGO BATANG Adéline
- Head of Department Orientation, Education and Research: Mbanwei Prudencia TIFUH
- Head of Health, Health and Environment Department: Belibi Jean Marie
- Head of Department of Economics. NGAH Roméo Pascal

I- OUR PARTNERS

They trust us and accompany us in our social commitment :

- **France Volontaire**
- **the Ministry of Social Affairs**

II- PERSPECTIVES

- We want to set up a center for the promotion of the circular economy and train young people for this purpose.
- Develop a genuine network of social solidarity in Cameroon
- Create and operationalize the circular economy platform in Cameroon.
- Organize a social solidarity Forum every year in Cameroon
- Reduce social exclusion in urban areas and promote integrated development.
